

Dartmouth Green Partnerships

c/o The Guildhall

Victoria Road

Dartmouth TQ6 9RY

Charity number 1164582

Dear Supporter

As a business trading in Dartmouth, you will no doubt be aware and appreciative of, the work done by the small group of Dartmouth Green Partnership volunteers, to make the town florally attractive for everyone both traders and residents and by creating a special floral enticement to attract visitors too.

Every year our volunteers organise the funding for and planting of, over a hundred and twenty hanging baskets, twenty four rail troughs, plus numerous planted boats, large street planters and rivers of daffodils, around the town.

These seasonal floral displays are essential to enhance and promote, the attractiveness of Dartmouth. Visitors' comments frequently reflect their enjoyment at seeing our Town's flower displays. Without these flower displays, we believe that the enjoyment of local residents and businesses and (importantly) Dartmouth's economy would suffer.

All of our work is achieved through fundraising, grant applications and more especially, sponsorship. To enable us to continue providing these (previously) National Award winning displays, what we desperately need is help in the form of annual sponsorship, from all the local businesses who trade in the town.

We have enclosed a sponsorship form outlining what it costs to plant out, water and maintain our floral displays. Considering the impact of these displays, the sponsorship costs are very little.

Please help us to continue our work. All our sponsors will benefit from the publicity generated by having their name on labels attached to their display, a mention on our website sponsorship pages and will be included in any relevant press releases.

We look forward to hearing from you.

Thank You
